Title: SPACE CONFIGURATION DESIGN TOOL

**RESPONSE TO OFFICE ACTION**

TO THE COMMISSIONER OF PATENTS:

Please enter the following amendments to the specification and claims:

**IN THE SPECIFICATION:**

On page 5, line 11, please add reference number --36-- immediately following the phrase "includes a magnet" so that the sentence beginning on line 10 and terminating with this phrase reads "In the preferred embodiment, with the larger scale icon figures, one end of the wand includes a magnet 36."

On page 6, line 10, please delete the reference number --76-- and replace therewith the reference number --78--.

**IN THE CLAIMS:**

Please amend the following claims, as noted.

4. (Amended) A system for use in association with design plans having hallways, doorways, stairways, rooms and other spaces of a known scale, for functional and space planning in the fields of architecture, interior design, and construction of residential and commercial structures, comprising a first component having a first surface and a second surface, the second surface engageable with the design plans, the first component scaled to indicate a turning radius to imitate the turning radius of a support device used by persons with disabilities and the aging population, and a second component extending from and supporting the first component.
